

Wash Your Hands!

(to the tune of Jingle Bells)

Wash your hands, wash your hands
At the bathroom sink.
Soap and water make them clean -
We don't want to stink!

Wash away germs and dirt,
That's just what we do.
In the classroom there's no sink!
Use sanitizer, too!

Wear Your Mask

(to the tune of “If You’re Happy and You Know It”)

In the classroom, in the hallway
Wear your mask!

In the classroom and the hallway,
Wear your mask!

As you’re walking to and fro,
When you come and when you go,
In the classroom and the hallway
Wear your mask!

When you’re eating or you’re running,
Take it off!

When you’re eating or you’re running,
Take it off!

Put it where we told you to,
And be careful when you do.

When you’re eating or you’re running,
Take it off!

Wear Your Mask

To the tune of “This is the Way We Wash Our Hands”

This is the way you wear your mask,
Wear your mask, wear your mask.
This is the way you wear your mask -
Over mouth and nose.

It's not a toy, so leave it there,
Leave it there, Leave it there.
It's not a toy, so leave it there.
That's the way it goes.
